N° of cores: 2x0.75, 3x0.75

### Product short description:

The original Creative-Cables.

Some call them colourful textile cables, others fabric covered cables, whilst others still simply call them coloured cables. But really, for over 10 years their real name has been Creative-Cables.

The Vertigo braided lighting cable covered with cream and nut wide stripes fabric is sure to become an instant classic. The adventurous and hypnotic collection is a tribute to the artwork from Hitchcock's masterpiece thriller.

This high-quality and hardwearing fabric provides a unique, bold HD effect, appearing to be vibrantly handpainted with a mixture of coloured and transparent threads that provides a truly memorable final texture. This unique cable will appeal to creative and bold designers out there who are looking to bring some joy into their design. Elevates your lighting to the next level.

These cables are soft, flexible and hardwearing and meet all UK and EU standards.
