

## **Multi-pendant lamps personalized on each one's needs.**

The first versatile and easily customizable ceiling rose.  
Create unique multi-pendant lamps with ROSE-ONE ceiling roses.

**ROSE**  **ONE**

# ROSE-ONE

The first versatile and easily customizable ceiling rose. Create unique multi-pendant lamps with ROSE-ONE ceiling roses.

Rose-One System is a Creative-Cables exclusive solution allowing everyone to create wonderful multi-pendant lamps personalized on each one's needs.

**Invest with limited stock**

Keep your stock limited without reducing the number of products you can sell. You can easily create your product combining the Rose-One bases with covers either already drilled or to be drilled.

**Flexible and customizable solution**

With Rose-One you will have the possibility to customize the product independently, defining the number and position of the pendant holes selected by your customer.

**Wide choice of shapes, colors and finishes**

You can choose from many combinations, which differ in shape, size, color or finish. If the available options are not enough you can request a custom finish!

Patented Solution  
MADE IN ITALY

Compatible with  
**SPØSTALUCE**

## Round, square or rectangular

With the Rose-One system, you can choose from a variety of shapes and sizes to find the rose that's right for you.

## Colors and finishes: Matt, Textured or Metallic?

Your Rose-One can be understated and elegant or informal and playful; take a look at our colorful decorations!

## Numbers of pendants: how many?

Our catalogue has a range of Rose-One options from 1 up to 15 holes to choose from, to make an installation with many pendants! In addition, custom roses can be made with the number and geometry of holes that your customer prefers.

## Base holes: We have 4 options

The Rose-One by Creative Cables is a Made in Italy patented solution that is characterized by a base with four entry/exit holes. How can you use them?

- Create up to 4 side drops in addition to those present in the cover of the Rose-One.
- Connect multiple Rose-Ones together to illuminate areas of the room away from possible points of power sources.
- If there is no ceiling light you can use the side holes to connect the Rose-One to a nearby electrical outlet.

If the 4 holes of the base are not used, they can be closed with the caps provided in the package.

## Multiple arrangements

The Rose-One rectangular or square, thanks to the many finishes available allows you to create multiple impressive suspensions in relation with the style of the rooms you are furnishing.

The side holes allow you to easily connect several Rose-One to each other, starting from a single ceiling light point. They can be easily combined with each other to allow you to create different arrangements and geometric designs adaptable to your needs: lighting a living room, a table or a long bar counter.

## Rose-One: the customizable ceiling rose

With our template you can drill any round or square Rose-One cover in your shop with a common drill.

The holes are numbered to make drilling easier: if you want, you can use our legend to reproduce the most classic drilling patterns (included in every pack).

Unlike a classic range of rosettes, it will not be necessary to stock an infinite number of models, different in the number of holes and finishes: depending on customers requirements, you can create the desired product by combining the universal base to the dibond, already drilled or to be drilled with the appropriate template jig.

## Rose-One kits

For all our customers who like to create and design, being able to choose your ceiling rose for single or multi pendant lights just got a whole lot easier. Rose-One system comes in a wide variety of colors and design options. Look out for more options to come.

## What you need to compose your Rose-One ceiling rose

You'll be able to build your Rose-One ceiling rose in 3 simple steps. One - choose pre-drilled or undrilled cover's shape, size and Decorazione. Two - choose one of the 3 metal ceiling roses: Rotondo small for smaller covers, Rotondo big for the bigger ones and rectangular for rectangular covers. All available in white or black. Three - complete your ceiling rose with transparent hidden cable clamps. Easy not? And you can also optimize your warehouse's stock! How? Depending on your customers' requirements, you can easily create your product combining the Rose-One bases with covers either already drilled or to be drilled. A lot of choices for your Clients with a minimum stock, what do you need more?

### Cover

Choose the shape, the size and the decoration. You can either buy it: predrilled or undrilled.

PREDRILLED

UNDRILLED

### Base metal ceiling rose

Depending on the cover you chose, you will need to choose the correct one from the 3 available metal ceiling roses: round small for smaller covers, round big for bigger covers or rectangular (either white or black) for rectangular covers.

### Cable clamps

Add the transparent hidden cable clamps to your cart in order to complete your ceiling rose.

### Warning!

If you buy undrilled covers you will also need to buy a template in order to ensure that you drill the holes correctly.

## 1. Pre-Drilled Covers

The Rose-One pre-drilled come in three different shapes: square, round and rectangular. And the squared and round versions are available in two different dimensions, 200 and 400mm. Covers are pre-drilled with 1 to 15 holes depending on their dimension following different kind of punching schemes. Covers come in different designs and colors and are made in aluminum or dibond. Complete the Rose-One ceiling rose with specific Material: a metal ceiling rose and cable clamps.

### Round small - 200mm

### Round large - 400mm
